

Music for Little Angels

And the Saints who love them!

Dear Parents,

Seton Catholic School is offering a music class for children from birth through three years of age. This is a class where a parent, grandparent or another adult who has a loving connection with your child can come and participate in music and movement. The primary time for music learning is from birth to three years of age when brain development is so important. Music engages more parts of the brain than any other activity so this class is great for the adults too!

We will begin each class with a welcome song, move to all different kinds of music, play instruments, sing songs and chants with movement and end class with a lullaby and a blessing song. There will also be a take home sheet containing the activities we are doing so that you can continue the fun at home.

I am so excited to be able to provide this opportunity so come and join the fun!

Miss Karen Snyder
