

Chess Club is Coming!

“Every chess master was once a beginner” – Irving Chernev

Beginning Fridays in November!
Virtual instruction provided by the Rochester Chess Center!

Why consider chess?? There is a growing body of research demonstrating the amazing benefits chess has on young brains, besides just being a fun game! Studies show that chess can improve kids' concentration, memory, logic, critical thinking, problem solving, as well as their math and reading test scores!

Consider joining Chess Club!!
Open to students Kindergarten through Sixth Grade. ALL skill levels (newbies too!) welcome!

Email with details and registration coming soon!

“Chess is the gymnasium of the mind.” – Blaise Pascal
